Dr. Miles' Nervine Restores Health.

UNCLE EZEKIEL OBEAR, assessor and tax collector, Beverly, Mass., who has passed the 80th life mile stone, says: "Dr. Miles' Nervine has done a great deal of good. I suffered for years from sleeplessness and nervous heart trouble. Would feel weary and used up in the morning, had no ambition and my work seemed a burden. A friend recommended Dr. Miles' Nervine, and I purchased a bottle under protest as I had tried so many remedies unsuccessfully. I thought it no use. But it gave me restful sleep, a good appetite and restored me to energetic health. It is a grand good medicine, and I will gladly write anyone inquiring, full particulars of my satisfactory experience."

REPUBLICANS OF OHIO

State Convention Convened at Columbus Late Yesterday Afternoon.

THE TEMPORARY OFFICERS

Elected and Harmonizing Speeches Made—Ohio Valley Bimetallic League Passes Resolutions Indorsing the Chicago Platform and Favoring William J. Bryan For President.

Columbus, June 2.—The Ohio Republican state convention was convened yesterday afternoon at 4 o'clock and remained in session for two hours. Several harmonizing speeches were made and the temporary officers announced. They were: Chairman, W. S. Kerr, Mansfield; secretary, E. L. Sampson, Ashtabula; sergeant at arms, Frederick Bader, Cincinnati.

Yesterday was a Daugherty day as much as the day before was a Nash day. There is as yet no winning slant and there are those who believe that no winning combination can be formed until after the test of balloting today and there are those who fear the convention may be continued over into tomorrow.

Among the features yesterday were the speeches at the hotels that were bitter and defiant and those at the convention that were all for harmony. The leaders who joined the chorus at the Auditorium in a sort of peace jubilee, spent last night in contests and conferences that were not very harmonious.

While H. M. Daugherty apparently had the best of it at the conferences yesterday, in the selection of committee-men, in the demonstrations at the convention and in the proceedings of the committee last night, yet he is having odds only as the leading candidate and not yet as a winner. Nash is a close second and Lieutenant Governor A. W. Jones a much closer third than has been anticipated. In the field, R. M. Nevin of Dayton is looming up, while none of the others seem to be gaining outside of their respective districts.

While the forces of Cox, Daugherty and Kurtz combined against Nash yesterday as the Hanna candidate in all the preliminary work, yet this combine can not apparently get together on any one man for governor. Cox wants a dark horse, and is grooming Shattuck till he names his favorite. Foraker wants Jones. Kurtz does not want Jones or Daugherty if he can get some one he likes better. Meantime, Daugherty insists that he has more votes than Jones, Cox and Kurtz can command, that they should come to him if they want to defeat Nash, and thereby indirectly defeat Senator Hanna. It is in this complication that Nevin is likely to be brought out.

BIMETALLISTS

Committee Chosen to Assist National Democratic Committee.

Louisville, June 2.—When the afternoon session of the second day's meeting of the Ohio Valley League of Bimetallic clubs convened at Macaulay's theater yesterday almost every delegate was in his seat. There was also a marked increase in the attendance of visitors. The three gubernatorial aspirants, Hon. William Goebel, Hon. P. Wat Hardin and Hon. W. J. Stone, were on the afternoon programme for speeches. This fact lent considerable local interest to this session of the convention. Each candidate had his adherents in the audience ready to shout and show their appreciation of any word of wisdom.

Following the outline of a plan which had been adopted at a meeting of the executive committee of the Ohio Valley league of bimetallic clubs the following resolution was introduced by General E. B. Finley of Ohio:

THE WEAPON OF SCIENCE.

The man with a spear and shield may seem a terrible fellow to one who meets him empty handed or with only the same sort of an equipment with which to oppose him, but where does either of them stand before a modern rifle?

Any disease may be deadly enough when you have no adequate means at hand to confront it. Plenty of people die every day of curable diseases, simply because the stereotyped, routine, senseless methods and remedies usually employed are not half-way equal to the occasion.

But when a truly scientific remedy like Dr. Pierce's great "Golden Medical Discovery" is brought to bear upon the complaints which it is designed to cure, it penetrates the tough hide-bound armor of obstinate disease with the same unerring accuracy and power with which a modern rifle penetrates a savage shield.

"I had been doctoring and using patent medicine for about a year and a half, being unable to work most of the time," says John L. Coughenour, Esq., of Glenview, Somerset Co., Pa. "The doctor said I had heart disease and indigestion. It began with a choking and oppressed feeling in the chest. I seemed to be raw from my throat clear down into my stomach. My appetite was usually poor, and I was weak and nervous as though I had been starved out for months. My heart kept throbbing continually and I was short of breath."

Resolved that with a view of taking measures to thoroughly organize for the campaign of 1900, a committee be selected of which the president of this association shall be a member.

That said committee be requested to co-operate with the national committee in perfecting a thorough organization of the Democratic party throughout all the states and territories of the United States, the president of this association to name the committee.

Judge Tarvin, by virtue of the authority vested in him by this resolution, accordingly handed in as his selection for the committee, the following: John P. Altgeld, Illinois; George Fred Williams, Massachusetts; W. J. Overmeyer, Indiana; W. J. Semmon, Kentucky; Allen W. Clarke, Indiana, and James P. Tarvin, Kentucky.

The committee on resolutions made a report on a number of resolutions, which were unanimously adopted. Among them were the following:

"We favor and recommend the adoption by the Democratic national convention in 1900 of the Chicago platform of 1896 without change."

"We hereby express our continued confidence in William Jennings Bryan, and favor his nomination for the presidency of the United States in 1900."

DUPATY DU CLAM

The Lieutenant Colonel Arrested in Connection With the Dreyfus Case.

Paris, June 2.—Lieutenant Colonel Dupaty du Clam, seriously implicated by the recent proceedings before the court of cassation, and the probable instigator of some of the forgeries that have figured in the Dreyfus affair, was placed under arrest last evening and taken to the Cherche Midi military prison.

The officer sent to arrest him visited his house three times before he found him, and declined to give any information as to why the arrest was made.

MARION CLARK

Child Abducted in New York Found Near Sloatsbury.

Garnerville, N. Y., June 2.—Marion Clark, the 21 months' old child, kidnapped from her parents, Mr. and Mrs. Arthur Clark of New York city, on May 31st, was discovered two miles south of Sloatsbury, a village about eight miles from here yesterday afternoon.

She was found at a farmhouse of Charles Youmans and was in the custody of Mrs. Jennie Wilson, who took

the baby to that place during the early part of last week. Mrs. Wilson was accompanied by her husband and stated to Mrs. Youmans that she wanted board for the little girl during the summer.

The Clark baby attracted the country people by her appearance, her large blue eyes and pink complexion being particularly noticeable. The curiosity which the child aroused made her captors grow uneasy and they kept her closely confined at the Youmans home.

As soon as the notices of the abduction reached the neighborhood the people began to suspect that the child was Marion Clark. They felt positive of it, because the child wore the same clothes as at the time when she was stolen.

As soon as Deputy Sheriff William H. Charleston learned of the abduction he, taking his clues from pictures of the child and the descriptions given him by the people who saw her, went to the farmhouse of Charles Youmans and found Mrs. Wilson, from whom he demanded the child.

Mrs. Wilson was indignant and claimed she knew nothing whatever of the child. The deputy sheriff produced a warrant, arrested the woman and demanded information as to the whereabouts of the child.

Mrs. Wilson then weakened and confessed. The baby was then produced and the sheriff took both, prisoner and child, to Magistrate Herbert at West Havenstraw. Mrs. Wilson refused to make a full statement.

Marion Clark, the child, is in good health. The identification is complete, even to the red birthmark described in the circulars issued by the chief of police of New York.

Arthur Clark, the father of the abducted baby, arrived here last evening, accompanied by Sergeant Morris of Captain McClusky's staff. Mr. Clark immediately identified the child as his lost Marion.

A RUSSIAN

Appeals to McKinley to Secure a Pardon For Him From Russia.

Washington, June 2.—The president has been appealed to by Adolph Lipszy, a veteran of the civil war, to intercede for him with the Russian government and secure a pardon for him. The appeal was made to the president on Decoration day by Lipszy, who bears many wounds and was breveted in 1863 a first lieutenant for gallant service in the union army.

Lipszy came to the United States from Russia in 1858, served in the civil war and was afterward a clerk in the executive departments in Washington. In 1886 he went to Russia to obtain his portion of his father's estate. He was arrested and convicted on the sole charge that he had become an American citizen without the consent of the Russian government.

MARCHAND IN PARIS

Great Enthusiasm, but No Noisy Demonstration Over the Hero.

GOLD MEDAL AND SWORD

Presented to the Major at the State Luncheon at the Ministry of Marine—Marchand Pleads With Madame Lockroy For His Senegalese Sharpshooters.

Paris, June 2.—Emily Crawford describes Marchand's return to Paris as follows: "Marchand is here. There is great enthusiasm, but no noisy demonstrations. A few flags have been unfurled in his honor. Every one he sees is favorably impressed by him. He arrived in Paris yesterday and has been on the move ever since. He attended the state luncheon at the ministry of marine, where he received a gold medal and a sword of honor. The Nile was prominently symbolized, too, on the sword handle by a crocodile and a palm tree."

"The company at luncheon was chiefly official. Many admirals, generals and other naval and military commanders attended, and they were all in full dress uniform. Marchand, as the chief guest, took Madame Lockroy, the wife of the marine minister, into the banquet room. The gracious and still most attractive daughter-in-law of Victor Hugo wore a heliotrope satin gown, shot with green. Her daughter, now Madame Hugo-Charcot, was in a light blue flowered foulard, with a corsage of velvet guipure."

"At luncheon Marchand pleaded with Madame Lockroy for his Senegalese sharpshooters to have an opportunity to visit Paris. He told her that the prospect was their great incentive to exertion in the march across Africa. Whenever their courage flagged, Marchand cried to them: 'Boys! Another strong effort to make sure of seeing Paris.' This electrified them. They are now all at Toulon; and he told Madame Lockroy that he strongly felt his promise should be kept, and that their deep disappointment prevented his enjoying himself."

"Madame Lockroy repeated what he said, talking across the table to her husband; and all the company sympathized with the explorer. It is now settled that his brave blacks are to come to Paris."

"The set out of the table at luncheon was original, charming and poetic. The floral decorations were entirely of wild flowers, blue, red and white. Madame Lockroy thought Marchand and his companions would prefer, after their long sojourn in Africa, the flora of the French woods and fields to any other. Did they not also better symbolize a democratic army than other flowers? Another consideration was that they are less stinging. Wild oats and grasses left grace to the floral harmony."

"Marchand looks a hero after Victor Hugo's heart. He is silent, thoughtful, modest without bashfulness. He might almost be an American, so strong an impression does he give of unaffected staidness and dauntless firmness."

"His face is deeply lined and careworn, but the sweetness of his countenance is indescribable. He seems gentleness itself when the lines relax into a smile."

Wild With Excitement.

Paris, June 2.—A dramatic scene occurred at the military club last evening. Major Marchand, in response to loud cheering, appeared upon the balcony with the minister of marine and minister of war on either side of him, and shouted: "Be united! Viva la France! Viva la republique!" The throngs went wild with excitement.

MRS. MAYBRICK

To Be Liberated Soon—Result of Ambassador Choate's Efforts.

London, June 2.—The Daily Chronicle announces that Mrs. Florence Maybrick is likely to be liberated shortly, as the result of the pressure brought to bear by Joseph H. Choate, United States ambassador, in favor of reopening the case.

Admiral Schley. Omaha, June 2.—Admiral and Mrs. Schley will leave Omaha for the east this evening. Meantime the admiral is enjoying somewhat of the "rest and repose" he came west to secure, but which his popularity with the people has previously denied him. He spent most of the day dictating letters to catch up with his correspondence, which has become voluminous. The admiral received all sorts of letters from all sorts of people and he makes it a point to reply to every communication. During the activities of his trip his correspondence has fallen behind and he is making the most of the first favorable opportunity to catch up.

SAD CONDITION

Of a Man Who Was Once Honored With Public Office.

Goshen, Ind., June 2.—William H. Holderman, widely known in political circles in northern Indiana, now serving a term in the Michigan City prison for embezzlement of the funds of this county, while treasurer, it is feared will soon become a physical and mental wreck. Although held in restraint but little over a year, his spirits seem to be broken and his health is rapidly falling. Holderman was given an indeterminate sentence of from one to three years, and it was the prevailing opinion that he would be released. It is charged that some secret agency is at work to prevent his release. When the board of pardons met in March, it was expected that he would be paroled. Then came the April meeting and he still remained in penal servitude. It was said that his friends had neglected to prepare certain preliminaries which are required by law, and that the parole would be signed the first week in May. May has gone and Holderman has about given up hope.

Veterans' Reward.

MILITARY GOVERNORS

In Cuba Hold a Conference With Brooke at Havana.

Havana, June 2.—Governor General Brooke and the governors of the military departments have held a conference regarding the general situation in the island. The principal topic was how to revive agricultural life and how to give work instead of food to the destitute. The propriety of buying oxen and implements was strongly urged by Major General Wilson, governor of the Matanzas-Santa Clara department, and his arguments received full consideration. A majority of the conference, however, was rather opposed to this plan, and no definite conclusions were reached. But the full exchange of views will probably result in greater uniformity of administration.

PRAISE FOR HOLLI

His Forebore Speech Before the Peace Conference.

London, June 2.—The correspondent of The Daily News at The Hague says: "Frederick Holli, secretary of the American delegation, is the author of the American mediation proposals. In one of the most forcible and lucid speeches the conference has yet heard, he argued the utility of special mediation, as illustrated by the lessons of the Hispano-American war. He said that Spain and America been each assisted by a mediator, peace would probably have been arranged after the battle of Manila."

They Get Their Money.

Memphis, June 2.—The case of Frederick Book and his wife, who is known on the stage as Jeannine Rogers, against the Lyceum Theater company and John D. Hopkins for \$4,500 damages, has been affirmed by the supreme court. They alleged that they were dismissed and sued for full season salary. The court holds that the two weeks' notice custom of the theatrical profession amounts to nothing and that a manager is liable on a contract with a player.

National Conference of Reformers.

Pittsburg, June 2.—The time of holding the national conference of reformers who favor the abolition or suppression of the drink traffic, etc., has been changed to Dec. 28. The reason for the change is hopefulness for a union of all reformers for the national campaign in 1900.

Public Debt.

Washington, June 2.—The monthly statement of the public debt shows at the close of business May 31 the debt, less cash in the treasury, amounted to \$1,188,891,407, a decrease, as compared with last month, of \$3,695,857. This decrease in the debt is accounted for by an increase in the cash on hand. The debt is recapitulated as follows: Interest bearing debt, \$1,046,048,780; debt on which interest has ceased since maturity, \$1,218,350; debt bearing no interest, \$69,205,420. Total, \$1,465,475,500. This amount, however, does not include \$555,517,618 in certificates and treasury notes outstanding, which are offset by an equal amount of cash in the treasury held for their redemption.

Receipts and Disbursements.

Washington, June 2.—The monthly comparative statement of the government receipts and expenditures for May, 1899, shows the total receipts to have been \$44,786,013, as against \$30,074,818 for May, 1898. The disbursements amounted to \$40,518,004, as against \$47,849,909 for May last year, leaving a surplus for last month of \$4,273,009.

Texas Excited.

Dallas, Tex., June 2.—The excitement over in Henderson county because of the lynching of the three Humphreys, on the night of May 23, is still intense. Eight prominent farmers and cattle-raisers in the vicinity of Aley, where the lynching took place, have been placed in jail at Athens, charged with participating in the crime. Henderson county officials have offered rewards approximating \$5,000.

SECRET SOCIETIES

Denounced by the National Synod of the Reformed Presbyterian Church.

Mansfield, O., June 2.—The national synod of the Reformed Presbyterian church in session here, denounced secret societies in the adoption of the following resolutions:

"That this synod calls on each and every member of this church to give force to his emphatic testimony against every form of oathbound or promisebound secrecy, by taking a public stand against this evil."

The synod testifies against those churches that knowingly permit their members, while in allegiance to this unchristian system to sit undisturbed at the lord's table, or allow their ministers to officiate in the Christless rites of the lodge room.

In the name of Him who is governor among the nations, we protest against the national and state governments giving corporate existence to any secret organization. The state wrongs itself and its citizens in permitting any association to be formed, from which the officers of the state are excluded.

We protest against civil and municipal officers appropriating funds levied on the citizens for the entertainment of any secret lodge and also against inviting any secret society to officiate at the beginning or completion of any building erected by public funds.

GENEROUS WOMAN

Mrs. Leland Stanford Deeds Her Vast Fortune to the University.

San Francisco, June 2.—Jane L. Stanford, widow of the late Senator Leland Stanford, has just deeded the bulk of her estate, valued at over \$10,000,000, for the improvement and maintenance of the Leland Stanford, Jr., University. The estate consists principally of the famous Vinna and Palo Alto farms and stocks and bonds of the Southern Pacific and Central Pacific railroads, 189 shares of Baltimore and Ohio Southern, valued at \$1,000 a share; 1,817 shares of the Rocky Mountain Coal and Iron company, and 1,000 shares of the Occidental and Oriental Steamship company, valued at \$317,000. Mrs. Stanford wants affairs in such shape that nothing could prevent prompt possession of property by the university trustees in case of her death. The only restrictions on the transfer are that no buildings costing less than \$5,000 shall be erected on the university campus, and the number of female pupils limited to 500.

## CITY COUNCIL.

Electric Light Proposition Referred to Special Committee.—School Trustee Elected.—Ad-journed at Midnight.

Regular meeting of council last night was called to order by Mayor Mills, and all members answered to roll call.

Minutes of previous meeting read and approved.

Miller, of finance committee reported that Ben F. Schneck was not liable for city taxes as guardian of minor heirs of the late Chas. W. Schneck. Report adopted and rebate of \$20 granted.

Finance committee also reported that Fred Orstedt, administrator of the estate of the late Barney Matt is not liable for city taxes, and recommended a rebate of \$16 erroneous taxes assessed. Adopted.

Miller reported that he had gone to Cincinnati to investigate the safe offered to the city for \$350 by Mr. Grooms, of Cincinnati, and found the safe to correspond with the description and contracted for same.

A majority report signed by Huber and Shepard recommended that safe be not purchased now. Both reports referred back to finance committee.

Later this vote was reconsidered and minority report unanimously adopted.

Objections to improvements of street and sidewalks as advertised for were called for, but none were offered.

Bids for grading and graveling were opened and read. Barney Fornaugh proposed to grade and gravel Second street between Central avenue and Pine street, grade and gravel Pine street between Second and Seventh streets, grade and gravel Fifth street between Central Avenue and Pine street, grade and gravel Fourth street between Central avenue and Pine street, grade and gravel Poplar street between St. Louis avenue and Sixth street, grade and gravel Lynn street between Second and Fourth streets, all for 44 1/2 cents a cubic yard. This was 5 1/2 cents below the engineer's estimate.

Milton Whitsett bid on same work but his bid was held to be not in accordance with the law regulating the matter. All bids were referred to improvement committee with instructions to award to lowest and best bidder.

Bids for furnishing electric lights were opened and read.

Gates & Randolph of Chicago proposed to install a plant strictly in accordance with the plans and specifications prepared by Frank B. Rea on a ten year rental basis, the city to pay to Gates & Randolph \$70 a year per arc light, there to be 90 lights

supplied. The plant to become the property of the city at the end of ten years. This is a \$48,000 plant.

H. M. Geiger, for the Wayne Engineering and Construction Co. proposed to install on electrical plant, submitting five separate propositions, each one of which departed in some degree from the plans and specifications made by Frank B. Rea.

Proposition No. 1. We propose a plant according to plans and specifications in every respect except that we will install 100 lights in place of 85 and cover the roof of building with slate instead of steel. We to charge you an annual rental of \$46 50 per light for the 100 lights, you to furnish the building and lot for same. Should the city desire us to furnish the building with the slate roof as above described we propose to do so and permit you to pay for same in ten annual payments, payments for both principal and interest not to exceed \$525 a year. The above plant will contain the best engines and dynamos that can be obtained for the purpose, viz: Russell, Buckeye or Erie, of four valve medium speed type; Hamilton, Allis or Bass of the Corless type, or engines of equally as good make. Dynamos, Woodtype, General Electric, Westinghouse, Warren or equally as good.

Proposition No. 2. Will install the plant with the above machinery and strictly according to plans and specifications, except that in place of two engines of 150 horse power, we would install one engine of 300 horse power capacity. Would charge you for 100 lights installed on your streets an annual rental of \$45 50 per light, same condition on the power house and lot as in proposition No. 1.

Proposition No. 3.—Will install a plant same as proposition No. 1 under the same conditions, except that we would install engines of the Ideal, Ball, McCune or Imperial type, and horizontal boilers of same make as the engines. The above engines are the last type of the Grid valve, centre crank engines and would fill the tests required by specifications. Would install dynamo of the Western Electric—Standard type or equally as good, for an annual rental of for 100 lights at \$43 per light. Conditions on buildings and lot to be same as in proposition No. 1.

Proposition No. 4.—If you desire to reduce the number of lights installed below 100, we will allow you a reduction of \$10 per light or a reduction of \$200 on 20 lights from the total annual rentals all additions to be made at the same rate where lines are not extended.

Proposition No. 5.—If you should desire us to use the single valve engines of any of the following makes, viz: Chandler & Taylor, Atlas or any others equally as good and would allow us to use horizontal boilers from firms which furnish the engines we would make a reduction of \$2 per light from proposition No. 3, with the same grade of dynamos, making it \$41 per light.

In all the above propositions the city is required to buy the lot and erect the building which is estimated at a cost of \$8,000. The city would also bear all the expense of operating the plant and keeping it in repair which would cost \$4,000 or more a year.

The ordinance of home company with proposed amendments for incandescent lights was referred to same committee.

On motion of Price these propositions were referred to the special light committee to report back to a special meeting of the council next Tuesday evening.

Bartlett, of the improvement committee, reported that there were 61 silver poplar among those planted out by H. L. Geiser, who was to have put out only maple trees. Motion carried to pay Mr. Geiser for trees less these 61.

Special committee appointed to hear objections to concrete work done reported that some objections were offered to a part of work done on Laurel street. Committee had examined

work and found it all right and recommended that same be accepted. Council concurred.

The city treasurer submitted his report for the month of May.

The city clerk was directed to advertise for bids on 2,000 feet of lumber needed for the street commissioner's work.

Dr. Hill health officer, was present and reported work done and made many valuable suggestions for the betterment of the sanitary condition of the city.

The health officer directed to employ an inspector of the board of health to assist in the inspection of vaults, fixing his wages at \$1 50 a day.

Brothauer introduced a resolution for improving sidewalk on both sides of Carter street from Laurel to alley south of Laurel, the same being petitioned for. Adopted.

A resolution for cleaning out city's part of ditch on west side adopted with the understanding that the city is to act in conjunction with township trustee.

Bartlett introduced a resolution instructing street commissioner to do work on the streets only as ordered by the council. Adopted.

Bartlett introduced a resolution to elect Jno. W. Conner school trustee to succeed himself. Gibson moved to substitute the name of Dr. Galbraith for Mr. Conner, which was lost by a party vote. Resolution to elect Conner passed, the mayor casting the deciding vote.

The Progress Furniture company applied for an exemption from tax-s. Referred to finance committee.

Huber introduced a resolution to grade and gravel Fifth street from Blish to O'Brien Adopted.

An ordinance regulating the width of sidewalks hereafter to be improved was read the first time.

An ordinance fixing the salaries of the city officials for the ensuing year was introduced and put on its first reading. The rules were suspended and ordinance advanced and passed.

The ordinance fixes the salaries as follows:

Mayor.....\$300 00

# Mrs. Pinkham's Medicine Made a New Woman of Mrs. Kuhn.

[LETTER TO MRS. PINKHAM NO. 64,492]  
"DEAR MRS. PINKHAM—I think it is my duty to write to you expressing my sincere gratitude for the wonderful relief I have experienced by the use of Lydia E. Pinkham's Vegetable Compound. I tried different doctors, also different kinds of medicine. I would feel better at times, then would be as bad as ever.  
"For eight years I was a great sufferer. I had falling of the womb and was in such misery at my monthly periods I could not work but a little before I would have to lie down. Your medicine has made a new woman of me. I can now work all day and not get tired. I thank you for what you have done for me. I shall always praise your medicine to all suffering women."  
—MRS. E. E. KUHN, GERMANO, OHIO.

"I have taken eight bottles of Lydia E. Pinkham's Vegetable Compound and used two packages of your Sanna-tive Wash, also some of the Liver Pills, and I can say that your remedies will do all that you claim for them. Before taking your remedies I was very bad with womb trouble, was nervous, had no ambition, could not sleep, and my food seemed to do me no good. Now I am well, and your medicine has cured me. I will gladly recommend your medicine to every one wherever I go."  
—MRS. M. L. SHEARS, GUX MARSH, MICH.

### RETURN LIMIT EXTENDED.

Seashore Excursion Tickets via Pennsylvania Lines Good Fifteen Days Returning.

The return limit on the low fare excursion tickets to Atlantic City, Cape May, Angelsea, Avalon, Holly Beach, Ocean City, Sea Isle City, Wildwood, New Jersey, Rehoboth, Del., and Ocean City, Md., to be sold August 10th, from principal stations on the Pennsylvania Lines will be fifteen days including days of purchase. This is a longer limit than that granted on similar tickets sold in previous seasons, and will be ample for a delightful sojourn at the seaside. The extreme return limit will be August 24th, which will allow a week after returning home to prepare for school and other duties which begin with the opening of September.

The date of the excursion, August 10th, is the most convenient for an outing. Business is quiet at this season, crops are gathered, and office, store and farm duties are not exacting. The thermometer usually reaches the highest point about this time. It will be a pleasing diversion to spend week's vacation in the invigorating ocean breeze and experience the unlimited pleasure at the command of the summer idler by the sea.

The round trip rate from Seymour will be \$15. Tickets at this exceptional low rate fare may be secured to either of the ten resorts mentioned above, which are the most attractive along the Atlantic coast. For illustrated descriptive matter about them apply to O. B. Sappington, local ticket agent of the Pennsylvania Lines, who will also furnish information about time of trains, etc.
